

ABOUT US

Plantira is a group of people who came together to plant our first seed in the kingdom of Saudi Arabia. Plantira was first founded by **Yahya Zakariya Al-Banna** in 1985 and gave the name **Plantira (Planting-Era)**.

Plantira has built a reputation in the landscaping and irrigation industry over the past 40 years through superior customer service, integrity, honesty, trust, & mutual respect. We use only quality products, and every project is given personal attention to guarantee your satisfaction.

Expertise. Reliability. Value.

Green Roots is known for its eco-friendly, quality landscaping that our Saudi Arabian clients appreciate and trust. From small neighborhood gardens to sprawling lawns and commercial spaces, we approach every project carefully and meticulously. We believe in building lasting relationships with our clients, getting to know them and their styles so that we can best bring their vision to life.

Mission

Prioritizing irrigation, planting, landscaping, and embracing our clients with the quality of the earth's most delicate plants and rebirth the lands of our clients with the wonders of the natural world.

Vision

Embrace the essence of the green world, breathe the natural fresh air, colonize the world by planting green seeds globally, to regreen the planet and reduce the dangerous carbon effect.
